Dear Parent(s),

Re: Year 11 – Elevate Education

I am writing to share some exciting news regarding our ongoing support for Year 11 students as they prepare for their upcoming exams.

On **Thursday 1st October**, all Year 11 students will be off-timetable during **Periods 4 and 5** to participate in two specialist workshops. These sessions are designed to give our students practical tools to manage their workload and perform at their best.

We have invited **Elevate Education** back to Sandhurst School to deliver two high-impact sessions:

- **Ace Your Exams:** This session focuses on high-level revision techniques, showing students how to move beyond just reading notes to active, effective preparation.
- **Time Management:** This workshop helps students create manageable study schedules, balancing their academic work with their well-being and life outside of school.

Elevate is an award-winning organisation that works with schools globally. They use presenters who have recently finished their own studies, making their advice relatable and easy to follow. Feedback from our students last year was **extremely positive**, with many noting that the presenters "really understood" the pressures of being in Year 11.

We want to ensure that all students benefit from these resources, regardless of their circumstances:

- **Absences & Flexi-School:** For students who are absent on the day or follow a Flexi-School arrangement, hard copies of the workshop materials will be provided to them upon their return to school.
- **SEND Support:** We recognise that some students have specific ways of working. Copies of the presentations and handouts will be shared with our SEND team to ensure they are accessible for students who usually work in our specialist areas.

Our goal is to work collaboratively with you to ensure your child feels confident and prepared. We encourage you to ask your child about the workshops on Thursday evening to see which techniques they found most helpful.

Thank you for your continued support of the school and our Year 11 cohort.

Kind regards,

Mr J Southwood
Deputy Headteacher
